A Few Words

by Christine Jarosz
Director/Coordinator

Responsibility

Responsibility...where does it begin...where does it end? What's responsible...what's interfering? My next door neighbor beats his wife. (Interesting scenario .. the mean bastard and the socially conscious Radical Lesbian Feminist who heads up a Battered Lesbian Task Force.) I talk to this guy all the time about many things..he lies to me..he says

that he's not like D's first husband who beat her. D says he hits her all the time. I have never seen this. Who do you believe? (Right, who does Christine believe..no question.) But she never leaves the house except to go to work. She says she is getting counseling and going to a support group for battered women. She left him once. She went home to her Mom. He terrorized her Mother until she moved back to him. The man is a bully. He yells and screams at me and calls my lover very bad names. He is driving the neighborhood crazy. He has really frightened the woman who has decided to stay at home with her new baby (well 18 months). It is very frightening to live next door to someone who is so unstable. He does not work...he washes his truck every other day...he drinks. I have to see him everytime I go out to my garage for my truck, or to let the cat in, or to take out the trash, or to breathe fresh air. Calling the police would, of course, only infuriate him. Or, that is the fear. Part of me is not afraid of this guy; I only feel great concern and

great compassion for him. (This is probably okay if I did live so close to him.) I've tried to talk to him to help him through difficult times so that he had at least some way to vent his frustrations. It's been two years; it's not working. Finally, the other day I had a very heated argument with him over the way he treated his wife. It came up over an entirely different matter..why I wouldn't let him use my lawn mower. I told him that if he ever hit D again and I knew about it...I would call the police. I told him that though his life was not my business, and though D's life was not my business, his nightly screaming and raging was beginning to make it my business. I told him I didn't want to see D dead or hurt; and, I said that I did not want to see him in jail and having to regret something for the rest of his life. I mean, I know I can't take that on...worrying about what this guy will worry about for the rest of his life. D is an adult woman..she can, assumably, take care of herself. So, is this my business?

How do we take care of each other? Goddess, it is a wonder the world cannot get together..when it is so hard for neighbors to reach out to each other when they are desperate. I mean we rarely allow ourselves to ask each other for help for anything... much less desperate times. Isolation is the worst thing we do to ourselves. If you have a problem...who do you call? Do you have friends? What about people who don't know anyone? What can I do? What can we do for each other? What is the answer? Oh, well just another week in the life of....any of us!!

THANK YOU THANK YOU THANK YOU

This past month, I wrote about the copier needing repair and the compressor also needing work. How well you responded to this call for help. Actually, **Donna Bigelow** had been working on a new copy machine for the Centre...one that could possibly do big jobs like the Newsletter...for quite some time. And in March, probably for my birthday (can you believe I forgot to put that day in the March Calendar?) Donna found just the right one. It is at the Centre and is operational. Donna made this Savin Copier her donation to the Centre. She becomes the second Sugar Mama of the LRC. It is interesting that our other S Mama had also donated a copy machine to the Centre several years ago. It is a wonderful wonderful thing to be...a Sugar Mama. (We promise Sugar Mamas anything they want.) Printing Please had given the LRC a copier which we thought we could use for parts to repair the Sharp Copier we have. The Printing Please copier needed the same repairs that the LRC copier needed. So the Centre now has, on premises, three copy machines. If anyone would like to buy, for a very nominal charge, one or more of the nonworking copiers please call Christine. It will cost about \$350 to repair each of them. The Sharp normally is a very good machine. Anyway..... Donna you are truly a generous and loving and supportive womyn...and a great friend of the Centre...one we all admire and appreciate. Thank you...and let me say in print....anything you want..anytime..anyplace..anything (of course, with Board approval !!!!) Thank you, Sugar Mama.

Thanks to all the others: Mary Jo, Susan, Mary, Lisa Mashigian, Ruth, Deb Floyd, Regina, Josi, Karla, Jennifer, Jo, Diana, Vicki Harris, Dawynn Edwards, Ann Brown, Artemis, Tanea, Kay Christian, Sheila Coughlin, Becky H, Jennifer B, Amanda, Indigo, Judith Cannon, Mary M, Marti Kranzberg, Pam T, the womyn of the Women's Lodge, and Christine.

The Lesbian Resource Centre exists to create physical space where lesbians are valued for themselves. This space, committed to a feminist philosophy, will provide resources to all lesbians. The LRC Newsletter is published monthly and is distributed to over 650 womyn by the LRC, P.O. Box 180446, Dallas, TX 75218-0446. (214) 821-3999. We welcome your comments, news, suggestions, and contributions. Call for ad rates. All material is due in the LRC by the second Friday of the month.

Secondly, LRC's major compressor problem appears to have been taken care of by **Alpha Thomas**, (LRC member and activist extraordinaire) and Umoja Hermanas (the fantastic Womyn of Color Group that meets the second Saturday each month at 7:00). Alpha located a family member who does this work for a living. Isn't it great to know that when something needs to be done, the right person always appears. The Centre was without heat for a verry cold few weeks. It is not surprising that we were all reminded how fortunate we are...that we have what is a necessity to us (and a luxury to others)...a heated/air conditioned safe environment. We should all be aware and appreciate that we, as a group of womyn, are very fortunate to have what others do not....a very safe place. I was going to say that we are lucky...but, honestly, luck had absolutely nothing to do with it. We have made this happen...with boundless energy, neverending hope and compassion, soaring creativity, and deep rooted commitment. When something needs to be done, it need only be asked. That is the purpose and the goal and the dream. Umoja Hermanas makes us realize, by its contribution, that it takes each of us to make the whole. Thank you, Sisters.

Thirdly, **Carolyn Rowley** has descended on the Centre with incredible energy and enthusiasm. She does so much now, how was it possible for the Centre to have gotten along without her? She works the LRC Resource/Referral Line every other week...meaning all calls are forwarded to her house when not being answered at the Centre. (That is an intense responsibility. Thank you. It is also a great relief for Christine...now she can do other work.) She took on the task of clearing out the garden..it looks great...the bushes and flowers Terese Palmer planted last year can now be seen in all their spring exuberance. Carolyn works on Sundays for the Library Committee. She has taken on the responsibility of seeing that food is prepared every second Friday for Friday Night Dinners. She, along with the Under 30's Group have practically taken on the job of managing the Facility. These activities have made it possible for the Director and Board Members to get on with other projects. Thank you, Carolyn.

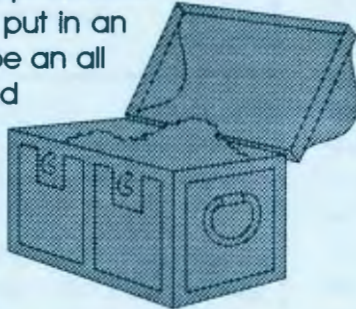

Auction 1993

Christine Jarosz

The MCC Auction benefitting LRC, the Women's Chorus, the Women's Health Project, and Lesbian Visionaries was once again very successful. It raised more money than ever. LRC provided more than half of the items auctioned...way to go, **Dawynn** and **Lisa**. These womyn did a fantastic job. It is not easy to pull off such an event. This is the first year that four groups participated and shared in the proceeds.

Maybe next year, if all groups put in an equal number of items, it will be an all weekend affair. **Lori Dennis** and **Sheila Coughlin** are a lot of fun..but would they last all weekend? To raise funds, Sheila would just about do anything.

Thanks so much, Sheila, for the efforts you make. You and the other womyn of MCC, especially **Sue Schrader**, do a lot for the womyn in Dallas. This auction is the Centre's biggest fundraiser ...we should be preparing for it now. You can get almost anything you want at the auction. Lots of fun and lots o'laughs.

4th Annual Auction

Lisa R. Mashigian

You missed it if you weren't there. In quick review, there was a smaller turn out than last year but we brought in over \$4000. The exact amount will not be known until all the checks and charges clear. Uncle Jim (Sheila C.'s uncle) was generous once again. He flew in from San Francisco with leather goods as well as several art pieces to auction off. **Thanks to all the womyn of the Centre for their donation of services and goods. Thanks to all the womyn who donated their time and their culinary skills.** Very special thanks to **Dawn Edwards** for her help as co-coordinating representative for the LRC. Keep in mind that this event happens each April and we will start collecting donations in March 1994. **Sheila**, I love you, you are truly wonderful.

Support Your Women's Credit Union

The Women's Southwest Federal Credit Union announced that it has obtained a \$1000.00 accidental death and dismemberment insurance policy on each member over age 18. This benefit is provided to members at no additional cost, as is the new Vision Plan, which will save members 30% to 50% on each pair of glasses or contact lenses per year - for the whole family.

The Wimmin Overcoming Racism group will hold its next meeting on Tuesday, April 20, from 7:00 to 9:00 pm.

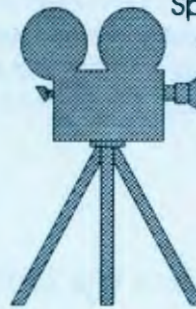

Don't forget to enter the 'Rename the Under 3 Group' contest. They are advertising prizes!!! See sign at the Centre for details

Membership/Newsletter Update

I wrote some time ago (January 93) about how we (the Board) were considering making the newsletter a 'by subscription only' mailing and that this was dependant on how many new members we signed up. Well the deadline is upon us. As of 4-8-93 we have approximately *687 households* that receive mailings. Some of the households have more than one person listed. One of the reasons we were thinking about newsletter by subscription was because of the cost. We have been able to bring down the cost by going to bulk mail and by rearranging deadlines for all kinds of things related to the newsletter. We are still only funded through membership. We have 14 founding mothers (dues paid in full up front), 24 founding mothers who pay by check draft, 17 founding mothers who pay cash installments and 65 voting or active members for a *total of 120 members*. **This equals 17.5% of our mailing list.** While we continue to add new names to our mailing list the number of memberships is growing at a slower rate. HELP! This is an appeal for new members as well as to those of you who's memberships have expired. I have sent out at least one notice to every member who's membership has expired. If your membership expires in one month you have also been sent notice to that fact. If you have not received some sort of information from me you are not currently a member. **PLEASE SIGN UP NOW.** Now if this begging and pleading on bent knee is not convincing you and you require more - like a party - in June we will be having our annual member appreciation party and this is a perfect time to sign up. For questions call me at HM/WK 618-4282. Thanks Sisters, Lisa

WHAT are we doing, anyway?

GWF seeks same for immediate live-in co-dependant relationship. Joint checking, home ownership, and business partnership a must. Potential for hopelessly entangled finances and mutual resentment, leading to a bitter, abusive breakup whereupon we can bust/rip/destroy all of each other's significantly valued belongings. Immediate sexual involvement with each other's past lovers is essential.

Possibilities include open public hostility, bankruptcy, and assault with a deadly household utensil. If we're lucky, formal criminal charges and lengthy litigation will ensue.

Drugs, alcohol, okay. Emotionally stable need not respond.

The 1993 Texas Lesbian Conference

In 1988 a grassroots coalition of women in Dallas, through a vision of enhancing lesbian visibility, created the 1st Texas Lesbian Conference. Now, in 1993, the lesbians of Texas are coming together to promote the vision of many kinds of power for all women. We are greatly inspired by the late poet Audre Lorde's essay, "Uses of the Erotic: The Erotic as Power" in which she states, "Recognizing the power of the erotic within our lives can give us the energy to pursue genuine change within our world, rather than merely settling for a shift of characters in the same weary drama." Join us and hundreds of other lesbians at the 6th annual TLC May 21-23 at the Stouffer Presidente Hotel, Houston, to celebrate our empowerment.

Many Kinds Of Power

Keynote Speakers:

Phyllis Lyon and Del Martin (*Sponsored by Lesbians in Business (L.i.B.)*) These women were the founding members of the Daughters of Bilitis in 1953. This was the first national organization of lesbians in the U.S. They published the famous newsletter *The Ladder* and are celebrating their 40th year together. They have co-authored the books *Lesbian Woman* and *Battered Wife*.

Akasha (Gloria) Hull Akasha is a poet, author, lecturer and Professor of Women's Studies and Literature at the University of California at Santa Cruz. Her discussion will serve to illuminate our understanding of Audre Lorde from her own experience and study.

Susie Bright (*Underwritten by Inklings-an alternative bookshop and Crossroads Market & Bookstore*) Susie is not only on the pulse of what's happening sexually, she is the rush before the pulse. She is heralded as a political leader, women's erotica founder and a provocative journalist. Susie's most recent book is *Sexual Reality: Virtual Sex World Reader*.

Dr. Nancy Lee Josie This dynamic speaker and minister is with MCC Cathedral of Hope in Dallas. She will be sending us forth with energy and the power to claim our future.

Film:

A Place of Rage will be shown throughout the day. In this engrossing film June Jordan, Angela Davis and Alice Walker recount their experiences in the civil rights movement. Interwoven with June Jordan's powerful poetry are issues of homophobia, racism, U.S. imperialism and liberation struggles around the world. The film is highlighted by music from Prince, Janet Jackson, The Neville Brothers and the Staple Singers.

Entertainment/Dance:

Music by **Denice Franke, Girls in the Nose** and **The Therapy Sisters**. Following the live bands there will be a dance with Cherry Wolf as D.J.

Lisa Mashigian

Don't you just love the graphic in the newsletter? Mary Jo, you are just **too** creative. Well I can't give you an exact amount because this is being written before I have access to the financial report but I think there is close to \$150 in the account. This is just from new memberships. I understand Christine has dropped some extra lesbian cash in there from other sources. We'll give you more exact details later.

Editor's Note:

Contributions to the Honeypot are welcome - from everyone. Meeting announcements and other short 'notes' can be submitted in writing, to the editor's mail box in the LRC office. Items of moderate length should be submitted on diskette, in any PC format, to the same place. Due to space limitations, articles of extensive length (more than one typed page) cannot be published; they will instead be posted on the board at the LRC. Anyone who has a problem with this policy is welcome to take over the position of newsletter editor on a permanent basis.

LRC Outreach, PR, Education, or...

Whatever We're Doing, We Must Be Doing It Right.

A few weeks ago, Nancy Umphres from the Dallas Association of Family and Marriage Therapy called. She was calling to ask the Lesbian Resource Centre to be a sponsor of the upcoming annual conference, "And Justice For All". This Conference scheduled for the week of May 21-23 will feature Gloria Steinem. Sponsorship would entitle the LRC to a table for literature at the Conference. Sponsorship near purchasing 6 advanced tickets at \$30 each. The Board decided that this would be an excellent opportunity for the Centre for Outreach, for Public Relations, for Education. Lisa Mashigian came up with an excellent idea on how to raise the money for sponsorship. LRC would offer to the therapists/counselors who do a lot of work with and for the Centre the opportunity to go to the event as a partial guest of the Centre. LRC would contribute 1/2 the cost of the ticket. What a good idea that turned out to be, Lisa. So, LRC was able to offer discounted tickets to womyn who work with us...a little something for each of us. This a great opportunity for the LRC...one of our long term goals has been to do a direct mailing to all the therapists/counselors/mental health professionals in the metroplex. We want these professionals to know about the Centre so that the Centre can reach those closeted and isolated womyn who turn to therapists for support. We will be providing a support service to these professionals and we will be able to reach womyn who cannot identify on our own. Nancy is the Membership Coordinator of DAMFT and has offered to help with the project after their Conference.....And, another point...did you get it? These people called us. They asked us to come. Some members of the DAMFT are determined to expand the definition of family. They called the Lesbian Resource Centre for representation. We have come a long way, womyn.

BATTERED LESBIAN PROJECT

Every 2nd and 4th Monday at the LRC, the Battered Lesbian Task Force meets. Part of LRC's Crisis Intervention Program, this group meets to specifically determine how best to meet the needs and address the problems of the victims, both battering and battered, of Domestic Violence. Our efforts have been three fold: to educate and train the Domestic Violence Support Community, those providing counseling or shelter to battered women, regarding the specific needs of Lesbians; to educate womyn in our own community about ending violence in relationships; and, to help womyn in crisis. We have developed a presentation for those groups providing support for battered womyn. We have made presentations to several shelters and groups, including Genesis, the New Beginning Center, and the Family Place. We now have available a crisis line. **Pam Tise**, newest member of the Task Force, got us a voice mail box. Once the program really gets underway, a beeper will be added so that womyn in crisis can get immediate help. Pam is the coordinator and director of the Crisis Line. Pam and her partner, **Diana**, are making a financial commitment to the project-they have committed to paying the monthly fee for the pager. (For anyone else who would like to support this project financially by helping with the Crisis Telephone, the Line needs an additional \$75 to get started.) The LRC

has asked the National Leather Association to sponsor the Battered Lesbian Project by funding our Emergency Fund. Our presentation to the Shelters was developed by **Christine Jarosz, Artemis, and Tanea**. Layout and design of the presentation was by **Kay Christian**. Shelter training sessions are conducted by Christine Jarosz with help from other Task Force members when needed. The Task Force will have literature and information available for the Conference of the Dallas Association of Marriage and Family Therapy in May. We are networking with other Battered Lesbian Programs around the nation. Tanea is our archivist and number one peer counselor. Artemis is responsible for Fundraising and Outreach to the Leather Community. Christine acts as Coordinator and Liaison with Womyn's Groups, the Lesbian/Gay Community, and other community groups. If you have questions about this project, call Christine Jarosz at 821-3999. Money is needed to make this program a success. Money you contribute to this project or to the Centre is tax deductible. Let your money work for womyn. LRC is not just that fun loving group of womyn having fun (although there is nothing wrong with that and we, none of us, get as much fun as we need); it is also an organization that takes seriously its commitment to womyn.

For information about this project and others of the Centre, call Christine

IF WE ALL PITCH IN, WE CAN MAKE THIS FUN, RIGHT?

Saturday, May 2, 1993, has been designated as LRC REHAB DAY. A WORK **PARTY** has been planned, beginning at 1:00 pm, with a promise of **FOOD AND FUN GALORE!** Planned activities include painting, cleaning, and, can you believe it - even window blind installation! If you think you can stand the excitement, or if you're a good sport and want to help spruce the place up, **this is one party you won't want to miss!**
